

THOMAS COUNTY ROCKS

HOW DOES IT WORK?

This is a community building activity meant to inspire people of all ages and to spread positivity in the community.

CREATE YOUR ROCK!

1. Use markers to create your own design with positive words or pictures that are sure to put a smile on someone's face. See ideas below, but use your creativity!
2. On the back of your rock, write the hashtags **#ThomasCountyRocks**, **#HOTCturns20** and **#HOTCDay2023**
3. Hide your rock! - Be sure to not hide on private property or inside of businesses.

BASIC RULES: Always be mindful and respectful of the environment. Do not hide rocks in national or state parks, on private property, or inside a business. Pay it forward. If you find a rock, share on Facebook or Instagram with the hashtag, then re-hide it. Or, keep it, and make a new one.
